

MR. AARON FRENKEL

Honorary Chairman of the Israeli Presidential Conference 2013

Dear Friends,

As Honorary Chairman of the fifth Israeli Presidential Conference, I am delighted to extend my deepest gratitude to the Conference participants that joined us in Jerusalem and to those within the Israeli Presidential Conference community who joined our proceedings online.

The Conference was launched by honoring the milestone of President Shimon Peres, who in his 90 years has inspired us to dream about and shape our life, peace and the global tomorrow.

The Conference continued with two unforgettable days of intellectualism, spirit and optimism – brought to life by the highest caliber of speakers who explored the themes of humanism and leadership in their vast array of fields of expertise. Such thought-provoking sessions and creative ideas will continue to inspire us until the next Conference.

The Israeli Presidential Conference resides within the prism of *Tikkun Olam*. The mere fact of one's participation, at the Conference arena or in engaging the Conference through its various online platforms, is proof of one's personal contribution to bettering the world. For me, *Tikkun Olam* is a vehicle that drives efforts, creativity and innovation and for this, I am thrilled and honored to have been part of this event.

I would like to congratulate the Conference organizing committee in creating a tremendous Conference that will be etched into the minds of the participants and all involved.

I would like to thank my fellow board members and the Hebrew University of Jerusalem, who with their contributions made the Conference possible.

No doubt, we are all waiting with bated breath for *Facing Tomorrow 2014*.

I wish you all the best of luck and a wonderful *Tomorrow*.
